ASSIGNMENT

WHEREAS, **7TM PHARMA A/S**, a company incorporated and registered under the laws of Denmark, having its registered address at Fremtidsvej 3, 2970 Hørsholm, Denmark (hereinafter designated as the Undersigned) is the assignee of all rights, title and interest in US Patent Application No. 10/547,944 ("the Application"), and in and to any patent(s) that may be granted therefore; and

WHEREAS, **PROSIDION LIMITED**, a company registered in England and Wales under registered number 4600121 and having its registered office at Windrush Court, Watlington Road, Oxford, OX4 6LT, UK (hereinafter designated as the Assignee) wishes to acquire all of Undersigned's right, title and interest in and to the Application, and in and to any Patent(s) that may be granted from the Application;

NOW THEREFORE, for valuable consideration to the Undersigned, the receipt and adequacy of which from the Assignee is hereby acknowledged, the Undersigned hereby sell, assign and transfer unto the Assignee, its lawful successors and assigns its entire and exclusive right, title and interest to the Application; and to any patent(s) claiming priority to the Application that may be granted therefore in the United States of America, any other countries in the world and their territories, dependencies and possessions; and to any and all divisional, reissue, continuing, conversion, re-examination and extension applications thereof for the full term or terms for which the same may be granted; and to the right to claim priority from the Application in all countries including under the Paris Convention for the Protection of Industrial Property or similar treaties and agreements.

The Undersigned agree to execute all lawful papers necessary in connection with the Application and any regular, continuing, divisional, conversion, re-examination or reissue applications thereof and also to execute separate assignments in connection with such Application as the Assignee may deem necessary or expedient; and to execute all papers necessary in connection with any interference which may be declared concerning the Application or regular, continuing, divisional, conversion or reissue applications thereof or patent(s) or reissue patent issued thereon; and to cooperate with the Assignee in every way possible in obtaining and producing evidence and proceeding with such interference.

The Undersigned agree to execute all papers and documents and to perform any act that may be necessary in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar treaties and agreements.

The Undersigned agree to perform all affirmative acts, including testifying in any legal proceeding or executing any document with respect to said invention, which may be necessary to obtain and maintain proper patent protection in any country for the Assignee and to vest all rights in such patent(s) to the Assignee as fully and entirely as would have been held by the Undersigned if this Assignment and sale had not been made; and to communicate to the Assignee, their successors and assigns, any facts known to us with respect to said invention.

The Undersigned hereby authorize and request the Patent and Trademark Office

Officials in the United States of America to issue any and all patents resulting from the Application, or any regular, continuing, divisional, conversion, re-examination or reissue applications thereof to the Assignee, and hereby covenants that the Undersigned have the full right to convey their entire interest herein assigned, and that have not executed, and will not execute, any agreement in conflict therewith.

The Undersigned hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this agreement.
